

FEBRUARY
6TH, 7TH & 8TH, 2026

Venue:
Father Muller Convention Center,
Mangaluru

HOSTED BY IDA DK BRANCH

Pre - Conference Course 13

TITLE:

Restoring Identities: The Journey from Recovery to Repatriation

Dental Forensics in Disaster Victim Identification

Description about the workshop:

When disaster strikes, the path from recovery to returning victims to their families demands precision, compassion, and coordination. This workshop offers an end-to-end view of **Disaster Victim Identification (DVI)** using dental evidence — from on-site recovery to dignified repatriation.

Participants will gain insights into rapid dental evidence collection, postmortem–antemortem data reconciliation, and the role of odontology within the **Interpol DVI framework**, all while managing challenging field conditions.

While essential for forensic professionals and disaster responders, this training is especially crucial for **private practitioners and Dental Health Officers** who are often the first point of contact in disaster-hit areas. Learn how to be prepared, respond effectively, and ensure every victim is identified with accuracy and dignity.

Speakers:

1. Dr. Mohan Kumar K. P
2. Dr. Deepak V.

Date: 05-02-2026

No. of Slots: 20 (Workshop) & 100 (Pre-conference Lecture)

Course Fee: Rs: 2000/- (For Lecture & Workshop)

Rs: 500/- (For Lecture Only)
