MASTERING DEVELOPING CLASS III MALOCCLUSIONS SPOT EARLY. TREAT SMART

A Hands-On Clinical Workshop

### Why This Workshop?

Class III malocclusions are easy to spot but challenging to manage. Growth variations, timing decisions, and appliance choices make every case unique. This workshop gives you practical, clinic-ready strategies to diagnose and manage developing Class III with confidence.

### What You Will Learn

#### Early Diagnosis Made Simple

- Class III screening methods
- Profile, photo, and cephalometric cues
- Early warning signs you must not miss

#### Growth Demystified

- Mandibular growth patterns & rotations
- Skeletal vs Pseudo Class III differentiation
- Influence of posture & soft tissues

#### Case-Based Treatment Planning

- Step-by-step worksheets
- Timing decisions that support growth
- Avoid early-treatment burnout

#### Hands-On Workstations: Diagnose → Plan → Discuss

### Appliance Stations

- BAMP (Mini plate placement)
- Face mask: timing, activation, troubleshooting

### Bite Registration

- Reverse modified Twin block
- Handling and comparing appliance designs
