Title of Course: Rubber Dam Essentials: Learn. Apply. Transform.

Faculty: Dr. Niranjan Vatkar

Type of Course: Workshop & Lecture

Description of course: Rubber dam isolation is no longer optional —it's essential. This focused workshop equips clinicians with practical, real world techniques to master rubber dam placement efficiently and effectively. From clamp selection to quadrant isolation strategies, learn how to make rubber dam usage seamless in daily practice. Whether you're new to isolation or looking to sharpen your skills, this session delivers clinical confidence, clarity, and control—one dam at a time.
